

South Carolina Climate, Energy and Commerce Advisory Committee

South Carolina Climate, Energy & Commerce Advisory Committee

Energy Supply (ES)
Technical Work Group Meeting #11
March 27, 2008

Office of the Governor
The Center for Climate Strategies

Agenda

- Call to order and roll call
- Review and approval of the draft summary of meetings #10, and supplemental meetings 10a, and 10b
- Review of CECAC process and discussion of next steps for TWG
- Proposed date, time, and agenda items for next meeting
- Proposed update for Draft Inventory and Forecast (I&F)
- Initial results of quantification of costs and benefits
- Refinement of policy proposals as needed
- Begin developing additional aspects of the straw proposal
- Public input and announcements

Stepwise Planning Process

1. Develop inventory and forecast of emissions
2. Identify a full range of possible actions
3. Identify initial priorities for analysis
4. Develop straw proposals
5. Quantify GHG reductions and costs/savings
6. Evaluate externalities, feasibility issues
7. Develop alternatives to address barriers
8. Aggregate results
9. Iterate to final agreements
10. Finalize and report recommendations

TWG Next Steps

- Today:
 - Review initial quantification results, assumptions
 - Discuss issues that require resolution for analysis of policy options
 - Discussion of all policy options (including un-quantified options) and address implementation mechanisms, feasibility issues, other benefits and costs, etc.
- Next meeting:
 - Finalize recommendations for modifying South Carolina emissions inventory and projections (I&F)
 - Review updated results of quantification of costs and benefits
 - Begin developing the additional aspects of the straw proposal (see next slide)

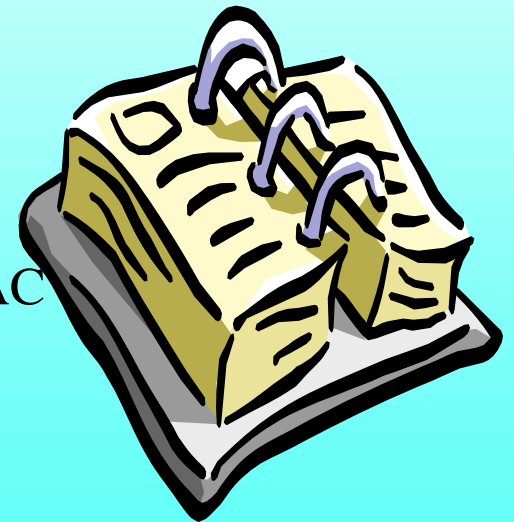

Straw Proposals

Design Template

- Policy description
- Policy design
- Potential implementation mechanisms
- Related policies/programs in place
- Type(s) of GHG reductions
- Estimated GHG savings and cost per MtCO₂e
- Key uncertainties
- Types of additional (non-GHG) benefits and or costs
- Description of feasibility issues, if needed
- Status of group approval
- Level of group support
- Barriers to consensus

Upcoming Meetings

- CECAC meeting on February 22
- Possibly additional CECAC meeting, partly to focus on ES issues, in early April
- Next TWG meeting:
 - Thursday, 27, 2:30 – 5:00 PM, via teleconference
- Agenda:
 - Review updated results of quantitative analysis
 - Finalize other areas of policy template for CECAC consideration

SC GHG emissions inventory and forecast

Public Input, Announcements
